

# I Wanna Know Why

Aerosmith

Kickin' down the road  
Feelin' mighty slowed  
With the likes of you

Gettin' mighty spaced  
Never had a taste  
Of what you're goin' through

I can't bitch  
Went from rags to riches  
Then to ragtime screamin' the blues

I wanna know why  
Everybody's good intentions  
Try to make a fool outta of me

I wanna know why  
Everybody's good intentions  
Gotta make a fool  
Gotta make a fool  
Try to make a fool outta of me

Swing low  
Sweet cherry o  
When a strange love showed me the way

Ya see more  
Can't keep a score  
When the whore's comin' on for the play

I wanna know why  
Everybody's good intentions  
Gotta make a fool outta of me

I wanna know why  
Everybody's good intentions  
Gotta make a fool  
Gotta make a fool  
Try to make a fool outta of me

E. Poe  
Eatin' crow  
Wonder if he knowed that the raven was mad

Time passed  
And words lost the last  
Of the best thing he ever had

I wanna know why  
Everybody's good intentions  
Gotta make a fool outta of me

I wanna know why  
Everybody's good intentions  
Gotta make a fool  
Gotta make a fool  
Try to make a fool outta of me

Oh play rough  
Can't get enough  
So they try to make a fool out of me, lordy

Ain't foolin' me  
Ya ain't ghoulin' me  
Ain't foolin' me  
Ya ain't ghoulin' me
