

# Mother Popcorn

Aerosmith

(Look out!)

"We're gonna bring somebody  
Up on stage now with us.  
A Mr David Woodford.  
Gonna blow some sax, yeah"

(Watch this man!)

Some like 'em short  
Some like 'em tall  
Some like 'em thin  
Skinny legs and all  
I like 'em buttered  
I like 'em proud  
Now when they walk  
They know they draw a crowd

See, well you gotta have a mother for me  
Watcha say, watcha say...  
See, well you gotta have a mother for me  
One more, gimme, gimme  
See, well you gotta have a mother for me

Popcorn, popcorn  
Cheese cake, cheese cake (Uh! you heard it)  
Hun' I can't see ya  
There ya baby!  
Listen here

Some like 'em short, some like 'em tall  
Some like 'em thin, skinny legs and all  
I like 'em buttered, I like 'em proud  
And when they walk, you know they'll draw a crowd

See - well, you gotta have a mother for me  
See - well, you gotta have a mother for me  
See - well, you gotta have a mother for me  
See - well, you gotta have a mother for me  
Said you gotta have a mother for me  
Said you gotta have a mother for me  
And you gotta have a mother for me  
Gotta have a mother,  
Said you gotta have, said you gotta have,  
Said you gotta have, said you gotta have

She got to give just what she got  
To get just what she wants  
She got to give just what she got  
To get just what she wants  
She got to give just what she got  
To get just what she wants  
What it is, what it is, just what it is

See - well, you gotta have a mother for me  
See - well, you gotta have a mother for me  
See - well, you gotta have a mother for me  
Let's get outta here

See - well, you gotta have a mother for me  
Gotta have a mother for me  
Gotta have a mother for me  
Said you gotta have a mother, gotta have a mother  
Said ya gotta have, gotta have...

Honey, you gotta have a mother for me
