

# Shela

Aerosmith

Shela, Shela, she like a hurricane  
Shela, Shela, she like a ball and chain  
Shela, Shela, she like a hurricane

Got myself a lady  
I get down on my knees, yeah...  
Hotter than Hades  
Heaven if you please, yeah...

Shela, Shela, she like a hurricane  
Shela, Shela, she like a ball and chain  
Shela, Shela, she like a hurricane

Some girls put it to you  
Make you scream in pain, yeah...  
Some will say they knew you  
And then forget your name, yeah...

Shela, real tight  
Shela, that's right  
Shela

She said she could do it  
Love she could fulfill, yeah...  
There ain't noting to it  
Backbone gets a chill, yeah...
