

Sick as a Dog

Aerosmith

Please, I've just got to talk to you
Please, get your head out of the loo
Please, we're a long, long way from home
Please, you turn a young man's face to stone
Sick as a dog, what's your sto-ry
Sick as a dog, a cat got your tounge
Sick as a dog, you'll be sor-ry
Sick as a dog, you really ain't that young
Please, you were much to my surprise
Please, you're the lady in disguise
Please, you're the only friend i got
Please, you'll be the last to see me rot
Sick as a dog, what's your sto-ry
Sick as a dog, um cat got your tounge
Sick as a dog, you'll be sor-ry
Sick as a dog, you really ain't that young
'Cause you really aint that young
Please, it's a shame you're so refined
Please, you was the last thing on my mind
Please, don't be late to take it light
Please, you're gonna fade into the night
Sick as a dog, what's your sto-ry
Sick as a dog, um cat got your tounge
Sick as a dog, you'll be sor-ry
'Cause you really aint so young
Take it light
