

Think About It

Aerosmith

When will the clouds erode away
When will the good people have their say
I hope you're still around to see the day
Take a while, think about it
Take a while, think about it
Take a while, think about it
Who can tell what is up or down
Who can be the king or be the clown
Then climb your tree, take a look around
Take a while, think about it
Take a while, think about it
Take a while, think about it
Circles of life, infinitane
That which is now, will be again
Who can decide who is insane
Take a while, think about it
Take a while, think about it
Take a while, think about it
