

I got a crush on a pretty picture  
She's got style when she wears a frown  
She's got m  
Well I'm going nowhere  
Oh please  
Proceed  
We're going down

No hope  
No pain  
No loss  
No gain  
No heart  
No will  
No life  
No thrill

One day  
I pray  
I'll be  
A human being  
Stay  
With me  
Have faith  
That I can change for you

I get a rush once I pick the poison  
Well don't buy what you get for free  
I can't be all the things she wanted  
I beg  
I plead  
What's happening?
