

Let's dispense the formalities,
If it's all the same to you,
If you can tell a lie without thinking,
Save your breath for church.

Why don't you stand by my side?
"Why don't you get a life?"
Why don't you leave me to rot?
"Cos it's the wrong time",
Why do you go out at night?
"Cos I'm not satisfied",
Then you should leave me to rot,
"But it's the wrong time".

Chorus
And I'd lie,
For a chance to taste joy,
And I'd die,
For a chance to keep going on,
Did I mean nothing to you?
They say nothing's for free,
My life and love is for you,
So I said that I'd try,
To keep going on without you.

Let's pretend we're not enemies,
And you let nothing burn,
Could you feel a thirst without drinking?
What do you think you're worth?

Why don't you stand by my side?
"Why don't you get a life?"
Why don't you leave me to rot?
"Cos it's the wrong time",
Why do you go out at night?
"Cos I'm not satisfied",
Then you should leave me to rot,
"But it's the wrong time".

Chorus

Without you.
