

## Denial Of Salvation

Aeternus

for all the thousands i've killed for all the children i've tor  
tured for all the souls i've burned hear a demons cry you carve  
d into me the darkened lusts of my human sanity why me suffoca  
tes the remains this i never desired see me free me unchain me  
this life eternal is not what you spoke off why this horned,  
grim face i want to be this cold, black body save me free me un  
chain me set free i am a demon i serve the wicked now i must  
return i'm trapped eternally to dimensions of rage - pain - war  
- -hate where's my god
