

# Genocide Delight

Aeternus

breed  
the warriors  
forge  
their darkened minds  
carve  
the runes of death  
prepare  
we are at war  
we'll strike them down  
we shall show them fear  
within  
we fight for blood  
and they  
fight in the name  
of a lie  
smell their blood  
taunt their god  
impale them hard  
genocide delight  
slay them all - kill them all  
genocide - genocide  
slay them all - kill them all  
genocide - genocide
