

GodHead Charlatan

Aeternus

Weakling, the apprehensive tortoise bound
Tomfool, the wretched spawn chained
Idle, the oblivious indulgent collapsed
Infatuated, the duplicate of submission

Plains of flames, cleansing of vermin
I snort the souls of ash

Godhead charlatan

Coma suicide dismantled from witfulness
Loss of obstinacy, loss of power
Displayed in a pilloty to be mocked

All is legerdemain brough upon us
The reason of distrust and famine wars

I will be the leviathan
The pest of murder the rats of the ridicule

Revocation of the godhead charlatanss
They breed like rats

Weakling, the apprehensive tortoise bound

Godhead charlatan
