

## Crazy

Afghan Whigs

Whatever did happen to your soul?  
I heard you sold it  
To some old boy who lived uptown  
Who could afford it  
So what's gonna happen to you now?  
Therapy, pharmacy

Crazy  
That's what you'd like to believe  
But it ain't easy when you're goin' crazy  
Over the rainbow

"I think your story's jive," she said  
There ain't nothin' wrong with me  
If I use it to get me some sympathy  
Some ecstasy, a memory  
I wanna remember me

Crazy  
That's what you'd like to believe  
But it ain't easy when you're goin' crazy  
Over the rainbow

Crazy, crazy  
Crazy over you

Crazy about you  
Crazy without you  
Crazy over you
