Sit back Gonna count those raindrops Feel it falling down all around you Honey don't you know it's time somebody told you Cause you got to know All you ever gonna have to count on I'm gonna want to lean on It's gonna feel just like those raindrop do When they're falling down Baby, all around you Well I know you're unhappy

Now you sit back Gonna count your little fingers What else do you have to do? And I know how you feel And I know you ain't got no reason to go on And I know you feel like you must be dreaming Honey go back and sit right back down I want you to count on me My unhappy, my unlucky, and my little, little girl I know you're unhappy baby Honey I know
