Uptown Again

Afghan Whigs

Uptown again Nobody home Feelin' surrounded Should never left me on my own

Remember nothing, hypnotize They say the eyes they never lie Your eyes have failed you dear, deny Deny, deny I know you'll try

Baby, untie me now I'm ready to get down Get down and move around Baby, you cry too much I'm tired of the sound You're such a baby

Uptown again Throw me a bone Feelin' surrounded I've never done so well alone

Baby, untie me now I'm ready to get down Get down and move around Baby, you cry too much I'm tired of the sound You're such a baby

Baby, baby, baby Baby, baby, baby Baby, baby, baby Baby, baby, baby

Baby, baby, baby Baby, baby, baby Baby, baby
