

# I Hope You Suffer

AFI

I got two letters from you  
Last words of the runaway  
Your love was written so true  
And now I can't speak your name  
I faced destruction and you just killed me and walked away  
I gave my heart to the cruel  
Now it will not beat again

I hope you do  
I hope you suffer  
I hope you do  
I hope you suffer  
I hope you do  
I hope you suffer  
I hope you do  
Just like I suffered

No one will ever know you  
Deny the last one who cares  
Intoxicate with the new  
Pretend I'm no longer here  
I opened my heart to you  
You lied just to reach inside

Now with the faith you removed our hope for forgiveness dies

I hope you do  
I hope you suffer  
I hope you do  
I hope you suffer  
I hope you do  
I hope you suffer  
I hope you do  
Just like I suffered

I've seen my darkest days  
You gave each one to me  
I've seen my darkest days  
You gave each one to me  
You have been lost for days  
May you find my darkness

I hope you do  
I hope you suffer  
I hope you do  
I hope you suffer  
I hope you do  
I hope you suffer  
I hope you do  
Just like I, I fucking suffered

Just like you  
You made me suffer  
I hope you, I hope you do
