Submission, my back hurts from bowing down  
Attraction, was once so strong now can't be found  
Affection, one gift I wish you would return  
Frustration, as I accede  
I do not deserve your frigidness  
Such callousness, yet I persist, what's wrong with me?  
I told you, you can't be replaced  
You showed me I'm disposable  
Spit in my face, as I submit, so I quit
