

# Can't Stop Me

Afrojack

If this was the last dance of the night  
Will you join me 'til the morning light  
Dance the night away, 'cause it feels right  
You can't stop me, no-o-o-o

If this was the last dance of the night  
Will you join me 'til the morning light  
Dance the night away, 'cause it feels right  
You can't stop me, no-o-o-o  
You can't stop me, nooooo  
You can't stop me, no-o-o-o

If this was the last dance of the night  
Will you join me 'til the morning light  
Dance the night away, 'cause it feels right  
You can't stop me, no-o-o-o

24/7, 365 a year  
And we know the end is near  
You can't stop me, no-o-o-o

We rock it 24/7  
Drag on 365  
We keep on going and going how I knew it will never dies  
Bring on a dumb, carry on and rock alive  
You can't stop us no, no, no, no, no

We keep on going and going and going till the break of dawn  
Nothing can't stop me, not even if the lights go on  
One thing on my mind is "should get my party on"  
You can't stop us no, no, no, no, no, no

If this was the last dance of the night  
Will you join me 'til the morning light  
Dance the night away, 'cause it feels right  
You can't stop me, no-o-o-o  
You can't stop me, nooooo  
You can't stop me, no-o-o-o

You can't stop me, nooooo  
You can't stop me, no-o-o-o

You can't stop me, nooooo  
You can't stop me, no-o-o-o

24/7, 365 with you  
We know the end is near  
You can't stop me, no-o-o-o, no-o-o-o

You can't stop me, no-o-o-o
