

## Freak On With You

Afroman

Walking down the street with a gangsta limp  
Hoes on the corner like a O.G. pimp  
Feelin real good cuz I'm drunk and high  
Throwin up the hood as the cars go by  
The light turned green and I started to bail  
Across the street, drunk as hell  
Seen a fine girl at the red light  
Her face her hair her car was tight  
The light turned green and she had to go  
The bitch pulled over at the liquor sto'  
She got out the car and walked around  
And there I was, posted 'cuz  
She looked at the Khakis hangin off my ass  
She put her head down and tried to pass real fast  
But on the way back out, before she left  
I asked her with Colt 45 on my breath

Can I get my freak on with you? (come here baby)  
Smoke some weed and drink some brew (I love ya body)  
Can I get my freak on with you? (yeah)  
Smoke some weed and drink some brew (oww)

When I heard Too Short "The Freaky Tales"  
I was still a virgin, I was mad as hell  
Had nothin to lose, everythang to prove  
Tryin to fuck every duck that moved  
Hangin at the swapmeet, drunk and high  
Flirtin with the hoodrats walkin by  
Sometimes I got dissed, sometimes I got laid  
Sometimes I got ganked, sometimes I got paid  
High school parties in East Palmdale  
Dancin with a female lookin bomb as hell  
With a booty up against me make me feel real good  
Plus her hands between my legs rubbin on my wood  
My dick Johnny Cochran gets real hard  
And all of a sudden, I want the broad  
High on weed, drunk on beer  
That's when I whispered in her ear

Can I get my freak on with you? (come here baby)  
Smoke some weed and drink some brew (I love ya body)  
Can I get my freak on with you? (yeah)  
Smoke some weed and drink some brew (oww)

Redheads, blond hoes, Puerto Ricans and chicanos  
Oriental girls not mention black  
Back to back, stacked like a six-pack  
Panties droppin, bra unstrappin  
Like Mariah Carey I'ma +Make It Happen+  
Whoo whoo (whoo whoo), ride hoes like my Coupe  
I'm 30 years old in 2004  
I got a wife and I don't fuck around no more  
Ay, remember Joby, well Joby's a giant  
And bitches wanna do me like I'm Kobe Bryant  
Too many skeezers, too many diseases  
Now I'm in the Bible tryna be like Jesus  
I used to be a gigalo back in the day

I remember when I used to say

Can I get my freak on with you? (come here baby)

Smoke some weed and drink some brew (I love ya body)

Can I get my freak on with you? (yeah)

Smoke some weed and drink some brew (oww)
