

## I Feel Good

Afroman

I awake and it is morning  
I breathe and it is wind  
I stand up and it is sunrise  
I wander and it is clouds moving  
I drink and it is rivers flowing  
I walk and it is horses racing  
I jump and it is spring  
I open my eyes and it is summer  
I lay down and it is fall  
I kiss the earth and it is winter
