What you gon do with all that meat,
all that meat down to your feet,
i'ma f**k you and skeet skeet skeet,
skeet skeet skeet, skeet skeet skeet,

I pimp these bitches yearly,
until they see clearly,
they better have my money or they better not come near me,
marijuana, jewelry, looks so f**kin cool on me,
i pull out my chunk and then i let these bitches drool on me,
they always be askin'nin if i can hit the ass again,
i guess i have to pass again until she bring my cash again,
still i keep on takin even though i'm taken,
we can keep on datin if you buy me some day inns

afroman come dance some,
but i can't dance until you put,
money in my hand some,
i don't go nuts over sluts, nasty butts,
give the money here before you get severe cuts from my,

right next door to mister drummen
