Wonderful Tonite

The more you drink the better I sound Go to the bar and buy another round I feel wonderful How many people feel wonderful tonight

She unfastens her bra strap She slides off her underwear The beautiful moonlite Reflects on her pubic hair

I open her legs Then slowly slide my tongue inside And say darlin' You taste wonderful tonight

She sucks on my dick head She gradually licks my balls She tickles my asshole Cause this girl can do it all

I came so hard I slowly lost my eyesight And I said darlin' You suck wonderful tonight

Hey get the phone man

Hello, what? Eric Clapton ain't gonna clear it? Tell em sue me this shit is tight
