

# Fly Away

Afromental

I got a feeling  
I get lighter every minute  
I'm elevating and finally believing  
The story is only begging  
I'm flying away  
My wings are made of my faith  
Getting stronger everyday  
Don't need to wait  
Just take breath of cleasing air  
Looking down  
From here everything looks fine  
All the struggles are left behind  
Fresh air is clearing my mind  
Alright  
I explain this place lays deep inside in me  
It helps me to find the way  
Givin' hope for another day  
That's why I say

CHORUS:

Dreams in your head show you the way  
I'm so faithful  
That dreams will live everyday  
After the rain sun comes again  
I'll be graceful  
If I never gonna lose my way  
And when you feel that nothing goes right  
Just grab my hand and close your eyes  
Let's fly away

I wish I could wake up in the morning  
Somewhere out there where the sun is  
I'd just play in the sand, stare at the waves  
Kiss you everyday  
We would play around the fire  
And I would never stop desiring you  
'Cause I am admiring you  
I would bring you tropic food  
But my tropic would be you  
I would taste every part  
Every day and every night  
Wind'd be blowing in your hair  
There'd be flowers everywhere  
I would really give my life just to be there

CHORUS:

Dreams in your head show you the way  
I'm so faithful  
That dreams will live everyday  
After the rain sun comes again  
I'll be graceful  
If I never gonna lose my way  
And when you feel that nothing goes right  
Just grab my hand and close your eyes  
Let's fly away
