

## Honey (Oh How I Need You)

After 7

Oh how I need you honey  
Oh how you bring me joy  
Fulfill my life  
Oh how much I need you  
Oh how I need you honey  
Oh how you bring my joy  
Fulfill my life  
Oh I need you yes I do

You came to me, like words to a melody  
For love, just for you and me  
Now you're in my life, I feel no more strife  
Cause with you I'm happy

Your sweet and tender touch  
How it means so much  
When it's coming from your heart  
From your heart, from your heart  
Oh ordinary won't do, I'm glad  
I found someone like you, cause with  
You I'm happy

Oh how I need you honey  
Oh how you bring me joy  
Fulfill my life  
Oh how much I need you  
Oh how I need you honey  
Like the flowers that need the sun  
Like the grass that needs the rain  
Oh I need you yes I do  
I do!!!!
