

## My Pledge of Allegiance #1 - The Sealed Fate

After Forever

She keeps her beauty  
She keeps her beauty concealed  
Concealed behind a curtain  
Behind a curtain of suspense  
And endures her fate  
Moulded by an ancient culture

The honour wasn't allowed  
The honour wasn't allowed  
To be injured  
To be injured  
She is going to live as  
She is going to live as her  
As her  
Community expects her to

I find myself confined between furtive desires and feelings of  
guilt

These are my last words  
I'm gonna leave you  
Can't stand your narrow mindedness anymore  
Forgive me...

I find myself confined between furtive desires and feelings of  
guilt
