

## The Thin White Line

Afterhours

What's your secret weapon?  
Will it set us free  
Fully free to use each other?

Holy thin white curse  
Use my love, it's yours  
Holy thin white curse  
Use my soul, it's yours  
Holy thin white curse  
What is mine is yours

Baby chase your limits  
And you'll be alone  
But your tears  
They'll get me higher

Turn me on white curse  
Use my love, it's yours  
Turn me on white curse  
Use my soul, it's yours  
Turn me on white curse  
What is mine is yours

Sacred, lonely, dirty consort  
Spread out on your lap  
Snowwhite blades as bridesmaids

Turn me on white curse  
Use my love, it's yours  
Turn me on white curse  
Use my soul, it's yours  
Turn me on white curse  
What is mine is yours  
What is mine is yours  
What is mine is yours.
