

# Never Ending Sleep

Afterworld

Screamin` and running, fear in the night  
Somewhere out there the shining light  
Falling and crawling alone through the park  
Oh I can`t see, it`s way too dark  
I wanna live is this real or nightmare, Live goes by  
I wanna live is this real or nightmare, Live goes by  
Screamin` and running, fear in the night  
Somewhere out there the shining light  
praying and waiting alone in the park  
Oh I can`t see, it`s way too dark  
And my lonely soul in the still of night  
Like a black candle burning with no light  
And I know I`ll never see a painless morning  
This is my never ending sleep
