

## At Our Expense

## Against All Authority

We're holding banners and  
they're holding guns keeping  
our rebellion to a minimum as  
we watch them gain behind this  
barbed wire fence it's so insane  
it's at our expense... and the  
media distorts the truth...we  
never had a choice we never had a voice you make decisions  
that affect us all you put us in  
a position that we don't belong  
all of our resources have been spent  
and it's at our expense now you're  
punching holes in the sky with  
plutonium powered rockets that  
fly to probe what can be reached and suck it dry...and it's at  
our expense
