

Sk8 Rock

Against All Authority

Don't try to understand it
the most destructive high
shoots my nerves into the sky
everybody's lookin' for something
I know just what I need
I'm addicted to the speed
- rent a cops try to stop me I
wanna see you try just want
to skate or die faster than
lightning and out of sight like a
demon in the night - I grab my
skate and catch some air I'm
grinding my life away but I
don't care 'cause skating for me is more
than a feeling run for cover I
hear somebody squealing stupid
rent-a-pig try to make me stop
you better back off or I'll knock
you off your block I'm a prisoner
for life a slave to the grind I slide
into the future and leave my worries
behind
