

Under Your Authority

Against All Authority

Hate is what I feel for you
You're always telling me what to do
I punch the clock wish it was you
You've got me under your authority
You motherfucker
Don't you talk down to me
Against the grain I stand
Against authority
Paybacks a bitch
Just you fuckin' wait and see
You've got me under your authority
I'm on the clock your on my ass
I see through you like broken glass
I'd rather be home smoking grass
I'm sick of workin' and sick of you
I hate this job I hate you too
So full of shit you know its true
I nod and smile you talk your shit
In your face
I'm gonna spit
I wanna fuckin' bust your lip
We're not gonna obey
Your stupid fuckin' rules
Workin' everyday
Another one of society's tools
It's time for me to stand and fight
Feel my hate and feel my knife
A smile on my face as I take your life
