

# Forget Me Now

Against the Current

Hey  
Dear whoever, do you remember?  
It's me old whatshername  
Can't believe it you ain't dreamin'  
I don't look quite the same

But history repeats itself  
I kept making a scene  
I kept raising hell  
Now they call me a queen  
And you're under my spell  
So tell me how does it feel?  
Well...

I'm looking down from the skyline  
Dancing on the moonlight  
Can you see my name in the stars?  
Yeah, I bet you won't forget me now  
My voice on the air waves  
It's echoing louder and louder  
I bet you won't forget me now  
I bet you won't forget me now

Hey whoever it's been forever  
I know you know my name  
I heard ya still tryna steal my throne  
I guess some things never change

Always knew I'd make it out  
Live a life you dream about  
Now the world's in my hands  
According to plan

I'm looking down from the skyline  
Dancing on the moonlight  
Can you see my name in the stars?  
Yeah, I bet you won't forget me now  
My voice on the air waves  
It's echoing louder and louder  
I bet you won't forget me now  
I bet you won't forget me now

Said you were gonna run this town  
Now you get high and just drive around  
It didn't happen like you thought it would, yeah  
Hit me up like, "hope you're good"  
And "can you put me on the list tonight?"  
And "by the way I got this clothing line"  
Trying to talk like we're old friends  
But, you don't even know who I am  
Who I am, who I am

I'm looking down from the skyline  
Dancing on the moonlight  
Can you see my name in the stars  
Yeah, I bet you won't forget me now  
My voice on the air waves

It's echoing louder and louder  
I bet you won't forget me now  
I bet you won't forget me now

I bet you won't forget me now  
I bet you won't forget me now  
I bet you won't
