

## Alexandra's End / Outro

Agathocles

Oh Alexandra with your dog-shit head  
I really hate the ideas that you spread  
You think your little club reigns supreme  
But we'll smash your fascist dream  
Alexandra's end - I feel the urge to kill you today  
Alexandra's end  
Alexandra's end- if I were you I'd surely go away  
Alexandra's end  
Alexandra's end- we'll impale you if you stay  
Alexandra's end  
Alexandra's end- they say plants can't feel anyway  
Alexandra's end  
Your homophobic thoughts make me sick  
Your fascist talks make me wanna throw a brick  
A brick in your face, that would be a laugh  
Just suck the popes' dick and stick it up your arse  
Alexandra's end - I feel the urge to kill you today  
Alexandra's end  
Alexandra's end- if I were you I'd surely go away  
Alexandra's end  
Alexandra's end- we'll impale you if you stay  
Alexandra's end  
Alexandra's end- they say plants can't feel anyway  
Alexandra's end  
You think your little club reigns supreme  
But we'll smash your fascist dream
