

Alexandra's End / Outro

Agathocles

Oh Alexandra with your dog-shit head
I really hate the ideas that you spread
You think your little club reigns supreme
But we'll smash your fascist dream
Alexandra's end - I feel the urge to kill you today
Alexandra's end
Alexandra's end- if I were you I'd surely go away
Alexandra's end
Alexandra's end- we'll impale you if you stay
Alexandra's end
Alexandra's end- they say plants can't feel anyway
Alexandra's end
Your homophobic thoughts make me sick
Your fascist talks make me wanna throw a brick
A brick in your face, that would be a laugh
Just suck the popes' dick and stick it up your arse
Alexandra's end - I feel the urge to kill you today
Alexandra's end
Alexandra's end- if I were you I'd surely go away
Alexandra's end
Alexandra's end- we'll impale you if you stay
Alexandra's end
Alexandra's end- they say plants can't feel anyway
Alexandra's end
You think your little club reigns supreme
But we'll smash your fascist dream
