

## Libidinous Urges

Agathocles

I'm the one - you fear the most  
I'm your dreams - your silent host  
Look inside - what do you see?

I'm the entity - that rules your mind  
I'm the system - that tells you lies

I'm the truth - from which you run  
No way out - can't be undone  
Reality - has come to call

I want, I need - a sexual greed  
The again I seek - hate kills the weak  
I'm so selfish - my needs are great  
You give, I take - do you believe in fate?

A sexual lust - a greedy kill  
Religious trust - a beautiful thrill  
Libidinous urges - time after time again  
We try so hard - but we always fail
