

## Made of Babies

Agathocles

Innocent baby-seals beaten to death  
for a fur coat , all this bloodshed  
for some this is normal, but it ain't for me  
a sick status symbol made of babies  
with hooks and bats they crush the head  
of a little baby which ain't ready for death  
who can justify this massacre  
for a coat which only the rich can afford?
