## No One's Right

## **Agathocles**

Ever got the feeling that you're being controlled not by the state but by friends you claim to know being controlled is a common thing but just act real and fucking win I drink you don't, what a big deal we still get a long and our friendship is real being controlled is a common thing but just act real and fucking win you're not right and the same goes for me we're just two friends with each our own ideas. being controlled is a common thing but just act real and fucking win
