

Twisting History

Agathocles

You refuse to accept,
ten millions of dead,
'cause your freaky fascist regime,
isn't really that fucking clean,
Twisting history for their cause
You say it's a lie,
that those people had to lie,
Another smooth talk,
To get the nazis back to walk,
Twisting history for their cause
Negationists thoughts,
for fascists dorks,
Don't believe their crap,
it's just another trap,
Twisting history for their cause
