

# Yuppie Career Freak

Agathocles

Crawling to the top  
for my career I'll never stop  
I just want more and more  
wanna become chairman of the board

I don't care about you  
for me you're just a tool

I don't have conscious mind  
for friendship I am blind  
I'm a yuppie career freak  
fame and richness is what I seek

I don't care about you  
for me you're just a tool

On the tope is my place to be  
so I fuck over friends and family
