

Yuppie Career Freak

Agathocles

Crawling to the top
for my career I'll never stop
I just want more and more
wanna become chairman of the board

I don't care about you
for me you're just a tool

I don't have conscious mind
for friendship I am blind
I'm a yuppie career freak
fame and richness is what I seek

I don't care about you
for me you're just a tool

On the tope is my place to be
so I fuck over friends and family
