

## Lucky One

### Agents of Good Roots

I'm looking through the window  
Looking around  
For memories bound  
In a scrapbook

I'm trying to remember  
What was the date  
When fate hit the stake  
And was burned down

(chorus):

But let me tell you you're the lucky one  
You're the only one  
Good god you're the lucky one  
You're the only one  
But oh, my eyes can't see  
What's come over me

I'm flipping through the Scriptures  
Thinking I'm wise  
It's all a disguise  
Or illusion

I'm bitching 'bout my staircase  
It's twisted in knots  
It climbs and it stops  
And I'm nowhere

(chorus)

(chorus)

What's come over me  
What's come over me
