Somewhere Down the Road

We had the right love At the wrong time Guess I always knew inside I wouldn't have you for a long time

Those dreams of yours Are shining on distant shores And if they're calling you away I have no right to make you stay

But somewhere down the road Our roads are gonna cross again It doesn't really matter when But somewhere down the road I know that heart of yours Will come to see That you belong with me

Sometimes good-byes are not forever It doesn't matter if you're gone I still believe in us together I understand more than you think I can You have to go out on your own So you can find your way back home

And somewhere down the road Our roads are gonna cross again It doesn't really matter when But somewhere down the road I know that heart of yours Will come to see That you belong with me

Letting go Is just another way to say I Always love you so...

We had the right love At the wrong time Maybe we've only just begun Maybe the best is yet to come 'Cause

Somewhere down the road Our roads are gonna cross again It doesn't really matter when But somewhere down the road I know that heart of yours Will come to see That you belong with me
