

## Club Girl

Agnostic Front

Do you feel so betrayed?  
Like to dance that beat away?  
Hip-pop club guys look at  
You feel so free

What can you do put yourself down  
You're a disgrace  
Why do you support them?  
As they call you bitch to your face

Why do you support them?  
Listen to the rhythm it's so great  
You don't care what the lyrics say  
Trade your pride for a dance

You'll support them as you laugh  
As I see you're going nowhere  
But you like the fashion that they wear  
You let them put you down 'cause it's popular music

And you'll pretend that you don't care  
Speak up in a crowd, you don't dare  
You'll just pretend that you don't care  
Oh yeah
