Agnostic Front

Hypocrite we had a deal Nothing ever fucking real Never trust the outsider It's proven once again

You can say, what you wanna say
No forgiveness, no mercy
Or you can just go straight to hell
No forgiveness no mercy

It was nothing but a big charade tired of Playing these fucking games
Can't wait to see your tombstone slate may Have been fooled but never played

Fuck you, I don't need you
Turns out, I'm better off anyway
