

Police Violence

Agnostic Front

The guilty police beat the heat
Over and over again
They abuse their power and break the laws
Will it ever end?

Police violence - FTP!
Criminal cops - FTP!
Corrupted system - FTP!
No justice - Fuck the Police!

Why should we fear the fucking cops?
Supposed to work for us
To serve and protect, that's what we expect
But that's not what we get

[Chorus]

They're not above the law
Throw them in jail, just like the rest
Or they'll continue to tase us
Shoot us, dispose of us

You fucking pigs broke your oath
Beat the fuck out of everyone
Wake the fuck up people!
