

## Victim in Pain

**Agnostic Front**

People say that I'm insane  
A victim of society just in pain  
Society's rules have made me cruel  
I'm just the opposite, ain't no fool  
The way I act or way I dress  
Doesn't make me strong or make me best  
Soon they'll find my reasons why  
I'm open minded and not blind

But why am I going insane  
Why am I the one to blame

Open your eyes, don't tell me lies  
I'll be the one to live and rise  
I'll think for myself and I'm sure to find  
That society's rules won't change my mind
