

# We Walk The Line

**Agnostic Front**

I speak my mind if I don't like what I see  
Fight to survive, because I come from the streets  
Wherever I'm at I'm not far from home  
When the times get tough I know I'm not alone

We walk the line (4x)

As time goes by at the end of the day  
We lived our life, because we chose this way  
I was never the kind just to follow the blind  
Didn't like what I saw so I left it behind

We walk the line (4x)

We walk the line (8x)
