

Prisoner

Agonizer

I'm a prisoner, prisoner
How I long to be free
How would I know, how this world should be
Outside my mind

I'm an angel, angel
Raised to be a saint
How would I know, how this world should be
Trapped inside these walls

I feel so alone, it's freezing my soul
Come with me to this freak show
I hate everything, it drowns my good will
Come with me and I'll lead you to hell

Can't you hear me
Holding on
Pieces of my sanity
I can't go on
I'm fading under
I'm insane my thoughts are fading
My sweet saviour, providing me
My safe haven, bringing me down

Am I evil, prisoner
If I'm set to be free
How would I know, how this world would be
If I've never seen anyone

I feel so alone, it's freezing my soul
Come with me to this freak show
I hate everything, it drowns my good will
Come with me and I'll lead you to hell

Can't you hear me
Holding on
Pieces of my sanity
I can't go on
I'm fading under
I'm insane my thoughts are fading
My sweet saviour, providing me
My safe haven, bringing me down

I feel so alone, it's freezing my soul
Come with me and I'll lead you to hell

Holding on
Pieces of my sanity
I can't go on
I'm fading under
I'm insane my thoughts are fading
My sweet saviour, providing me
My safe haven, bringing me down

Holding on

Pieces of my sanity
I can't go on
I'm fading under
I'm insane my thoughts are fading
My sweet saviour, providing me
My safe haven, bringing me down
