

Beyond Cruci-Fiction

Agonoize

I suffer from your deadly sin
I wish to leave, but I have to stay
I guess that is the price I have to pay

And the true Christ is up here
nailed to the cross
It's only me, there is no us

You won't find this in any books
It seems so real, the way it looks
It will be sacred at the end of this
And I remain just as a piece of shit

Crucifixion, built on dreams
Crucifixion is not what it seems
Crucifixion for the body of Christ
Crucifixion, built on lies

Crucifixion
