

## Death Murder Kill

Agonoize

I see the blood on the floor  
I touch your naked skin  
My spirit can smell your fear  
Your scream are made silent

Cut down, left to rotten  
Licking your throat  
Sucking your anus  
Eating your brain  
slash, bash, slash  
I still believe in this society

Genocide

Death, murder, kill  
Kill in cold blood  
Death, murder, kill  
Your dead eyes wide open

Homicide
