

# I Am

## Agonoize

Here I am  
like a fist in your face  
here I am  
I make you disgrace  
here I am  
out of control  
I make you old  
here I am  
the good and the best  
here I am  
I've gone so mad  
here I am  
never at sleep  
here I am  
to make you complete

I have the devil inside  
and I came to rewine  
to all that remain  
but drive you insane  
here i am  
here i am

never wanted to be

here i am  
here i am

here i here i here i here i here i here i here i  
here i am  
the black and the white  
here i am  
the dark and the night  
here i am  
the love and the hate  
here i am
