I'll take you to paradise

I'll take you to paradise Close your eyes, you will feel no pain Take my hand you will be paralyzed My hands on your neck down in the rain Down in the rain....

Your eyes don't see What you mean to me So Blind... help me I'm falling complete

I'll take you to paradise I'll take you to paradise Your eyes don't see What you mean to me So Blind... help me I'm falling complete
