

## Beautiful One

Agua de Annique

Beautiful one  
Your hair shines in the sun  
I wish I'd never left

The wind entwines our hair  
Our words get swept through the air  
I wish I never left

Your face shines in my eyes  
Our last look before our goodbye  
I wish I never left

Beautiful one  
You shine like the sun  
I wish I never left  
Before I have said  
You are the one  
You are the one

Your sun will come and go  
But its beauty will keep its glow  
I wish your rays would shine over me  
Keep filling me with their beauty  
I wish I never left  
I wish I never left

Beautiful one  
You shine like the sun  
I wish I never left  
Before I have said  
You are the one  
You are the one..
